

## Statement of Housing and Ownership

Flowmailer understands our customers' need to understand where our SaaS infrastructure and storage is physically located and who owns it.

Therefore I, Richard van Looijen, as Managing Director and legal representative of Flowmailer, state the physical infrastructure and storage used to deliver the Flowmailer SaaS service is fully owned by Flowmailer B.V., which is a Dutch legal entity. All infrastructure currently is and will remain physically located in The Netherlands.

The datacenter sites currently in use are:

- Digital Realty Amsterdam Data Tower, Science Park 120, 1098 XG, Amsterdam
- Schuberg Phillis, Boeing Avenue 271, 1119 PO, Schiphol-Rijk
- Iron Mountain AMS-1, J.W. Lucasweg 35, 2031 BE, Haarlem

Flowmailer reserves the right to add, remove or replace physical locations and connections without prior notice, within The Netherlands.
